Dear Mr. Craig:

The purpose of this letter is to approve the removal actions proposed by DOE in Phase IV. We suggest that DOE also consider any work along Paddys Run near the Inactive Flyash Area a removal action. This would seem to be the most expedient course of action to address the erosion problems we observed during our site visit on February 5, 1993.

If you have any questions, please contact Tom Schneider or me.

Sincerely,

Graham E. Mitchell  
Project Manager
